Private
Education**

INTRODUCTION OF ZCSS

The purpose behind ZCSS is to develop such a system of education in Pakistan that will take a “Flower of God's Garden”. After educating, grooming and polishing, we are preparing them to meet the real challenges of life and to take the nation forward with power of knowledge and education.

ZCSS came in to existence after the efforts of many years in schooling and education sector, after detailed research on the current educational system and organization's efforts, conferences and seminars on different platforms with different scholars and educationists to identify the problems and area of improvement in the educational sector of Pakistan. The collective finding is that there is a dire need to work out from the scratch and focus on earlier age of education.

ZCSS stands for?

- Z- Alphabet is a symbol of hope
- C- Cambridge
- S- School
- S- System

VISION OF ZCSS

We are committed to provide a path of modern and centralized education that will lead a person to approach stars.

MISSION OF ZCSS

To create a supportive, challenging environment of true learning that promotes high expectations and success through mental development, effective teaching methodology that encourages for unique differences in thinking and communication styles of human beings. Our school promotes a disciplined, caring, and supportive environment to develop faculties of mind of young stars. We strive to have a close parents-teachers-community interaction to achieve higher goals in pupils' performance.
